

Report from the Assembly President
September 23, 2011

Assembly Members, Executive Officers, Directors, and GPSA affiliates,

Thank you for your participation in the Ninth Legislative Session of Arizona State University's Graduate and Professional Student Association.

We entered this session with 30 of 34 Assembly seats filled, and we welcome four new members today. I will be soliciting applications for:

New College of Interdisciplinary Arts and Sciences
CLAS - Humanities
College of Technology and Innovation
Walter Cronkite School of Journalism

The GSO funding program has been quite busy and the Assembly Operations committee has prepared a bill concerning their funding recommendations for the September funding cycle. This bill will be heard today.

Nearly all assembly members have been assigned to their preferred committee. All changes to these assignments are reflected on the GPSA website. For those not on a committee, please email me with your preferred choice.

Last, we welcome a new parliamentarian today. Christopher Reina was chosen among a pool of outstanding candidates. I appreciate all of those who applied and hope they will explore other avenues for participating in GPSA.

I am looking forward to a productive and successful year in student advocacy and appreciate the commitment that each of you has made to improving graduate student life at Arizona State.

Respectfully submitted,

Matthew Savage
