- Improve our relationships and communication with the Undergraduate Student Governments, Sun Devil Coalition, and the Programming and Activities Board.
- Enhance our social media outreach. If you are not a fan of GPSA on Facebook, please “like” us soon and tell your friends as well. This is a great way to get timely information from us!
- Develop a bid for the 2013 National Association of Graduate and Professional Student Association Conference.
- Modify the GPSA Website and GradStu to improve our communication with our constituents.

**ASASU Presidents Council Priorities**

- Please see the attached document to see what the ASASU Presidents Council has been working on this summer and what we will be working on this year. This document was presented to Dr. Crow, Dr. Wilkinson, and Dr. Rund on Monday, August 27.

Respectfully,
