GPSA Athletics Research Grant Application Format

[Author Name(s), First M. Last, Omit Titles and Degrees]

[Institutional Affiliation(s)]
Abstract

The abstract should be a brief summary of the proposal’s key points. The section should be less than or equal to 250 words.
GPSA Athletics Research Grant Application Format

Introduce the issues/theories/programs to be addressed by your research, including the study’s research questions. Be sure to include the rationale for the study. Provide a summary of literature that is relevant to the current study. The introduction and literature review section should be less than or equal to 1000 words.

Methodology

Describe the research methodology. Be sure to address the research questions and include information about the research design, data collection, sample/subject selection, instruments/protocols and data analysis. The methodology section should be less than or equal to 1000 words.

Anticipated Problems

Describe briefly any difficult experimental problems that must be overcome in order to successfully accomplish the goals of this research project (i.e., travel, translations, hard to find resources). Discuss potential approaches to overcoming these anticipated difficulties. If none, please indicate. The anticipated problems section should be less than or equal to 500 words.

Significance/Potential Implications

Discuss the significance of the research and the practical application to the field and to the ASU Community. The significance/potential implications section should be less than or equal to 500 words.

Timeline

Provide a timeline for the completion of the current study. This should include the beginning and terminating dates for the proposed research, a list of the major milestones in the
study, as well as a date for submitting the final Sun Devil Athletics Research Grant report. The timeline section should be less than or equal to 500 words.

**Budget**

Please provide justification for how funds will be used in the research project. The line item budget should not total more than the maximum award amount, $1,500 (independent research) or $3,500 (terminal research). Justification is essential in the case of participant incentives. The budget section should be less than or equal to 1000 words.
