- **Associated Students of ASU Presidents Council**

The Presidents Council hosted the second open student forum with Dr. Crow on December 6 – the campuses were linked via video-audio feed to providing an interactive setting for students to ask Dr. Crow questions. Dr. Crow spoke from the Polytechnic campus for this forum. Two more forums will be held throughout the year with the other campuses each hosting Dr. Crow. The recorded video can be viewed <http://vimeo.com/33252873>

The Presidents Council met with Dr. Crow on December 5 to briefly discuss FY13 Tuition and Fees. Dr. Crow reiterated what he has previously shared publically that it is his goal to keep any potential tuition increases under 3% for undergraduate resident tuition and that there are no new large program fees on the horizon.

- **Arizona Students' Association**

Directors of the Arizona Students' Association (ASA) Central District (ASU) submitted organizational change documents last month to the full ASA Board of Directors for consideration at a special January Board of Directors meeting. ASA met at the University of Arizona on November 30 for their regularly scheduled meeting and the documents were included on the meeting agenda as a discussion item; the ASA BOD did not take any action on the documents.

- **Tri University Health Insurance Committee**

The request for proposals for student health insurance for all three public Arizona universities is now open. Once the proposals are received, the committee will begin the selection process for an insurance plan that will be contracted by the three universities for a five year period.

- **Arizona Board of Regents**

The December ABOR meeting was held at the University of Arizona University. The recorded video of the meeting can be viewed at <http://www.azregents.edu/aborlive/90dayarchive/default.aspx>
